

Liège Tape

Flanders Tape

Flanders & Liège Handlebar Tape

Named after two of road cycling's 'Monument' races, these premium handlebar tapes offer top quality feel and finish at a very affordable price. They have useful features like Smart Gel backing strips that don't leave adhesive residue on your handlebars and can be re-positioned during the installation process, as well as rubberized, high-stretch finishing tape. Choose Flanders for a classic and soft suede feel or the PU-coated and crosshatch-textured Liège for added grip, especially when wet.

SPECIFICATIONS:

LENGTH: 200cm

WIDTH: 30mm

THICKNESS: Flanders: 3mm | Liège: 2.5mm
